2009 Track & Field Finals

Volunteer to officiate ...

Grand Rapids organizers seek expertise from around the State

from Lew Clingman, 2009 State Finals Organizing Committee

As most of us are aware, the administration of a track meet can be a rewarding experience. And, a meet manager is only as good as the staff he recruits. Moving from the simple concept of organizing a dual meet to that of managing four state final meets, it goes without saying that "challenging" comes before "rewarding."

The 2009 State Finals Organizing Committee will be establishing a pool of officiating talent whose expertise will ensure the student-athletes of the State of Michigan positive experiences they will add to their 'lifetime of memories.'

Please nominate a dependable/experienced/knowledgeable worker/crew or consider sharing your own expertise to assist at the 2008 state finals. There are many positions other than starter, or referee that need to be filled and most likely will be a position for anyone who intends to work at one of the four finals. Let us know where our state's officiating talent lies. Fill out the form below and return it to us by February 15.

We hope to build four officiating crews second-to-none!
